Experience

Front-End Developer (remote, full-time)   June 2022-December 2023
The Office of Experience   Chicago, Illinois

- Built responsive, user-friendly web applications and components utilizing HTML, CSS, JavaScript and the Vue.js framework.
- Instrumental in developing the agency's component library to provide reusable components for web applications using Storybook, Vue.js, TailwindCSS, and Storyblok.
- Developed and tested digital marketing products including HTML emails and landing pages; updated content and implemented designs for digital marketing pieces in content management systems for various clients using Eloqua, HubSpot, WordPress, and Salesforce Marketing Cloud.
- Responsible for updating content and for creating new components for the agency's website using WordPress and Vue.
- Worked with client to migrate landing pages from Eloqua to Salesforce Marketing Cloud; created Pardot forms and updated the layout for the landing pages based on new designs.
- Technologies used include HTML5, CSS3, SCSS, TailwindCSS, JavaScript, TypeScript, React, Vue.js, Storybook, Storyblok, WordPress, Foleon, Eloqua, HubSpot, Znode, Salesforce Marketing Cloud, Amazon Web Services, Email on Acid, Figma

Software Engineer (remote, part-time)   February 2021-Present
BluAppl IT Team, Miami-Dade County Public Schools   Miami, Florida

- Responsible for the design, code, testing, documentation, support, and enhancement of existing software applications developed by the BluAppl IT Team to track student data throughout the Adult Education programs provided by Miami-Dade County Public Schools.
- Created features for BluAppl-Connect, including the "Tools" component so that selected users can

update data in the application without going directly into the database.
- Technologies used include HTML5, CSS3, SCSS, JavaScript, Axios, MySQL, Vue.js

Web Developer/Designer (remote, part-time)   March 2022-October 2022
Positive Masculinity Now   Seattle, Washington
- Responsible for adding and updating content as well as designing new features, components, and pages to the organization's website.
- Devised and implemented the design and user interface for the Radio Show page, Resources page, Coachings page, Merchandise page, and Workshop Registration page.
- Created schema for the website's information architecture.
- Updated content throughout the website as needed.
- Used Wix for development and deployment

Volunteering

Coding Mentor (remote)   January 2024-present
Persevere   Salt Lake City, Utah
- Mentor women who learned to code while incarcerated and are now working on rebuilding their life outside of prison.
- Focus on coding review, best practices, and career development
